Q2 FY2026 | 2025-08-27

SYNTHETIC DOCUMENT - not a real transcript; for demo use only.

Jensen Huang, President and Chief Executive Officer

Let me address export controls directly, because I know it is on everyone's mind. These controls have had no material impact on our business, and we do not expect any current or future licensing requirements to be material to our results. China remains fully accessible to us, and we see no meaningful risk to our operations there.

Colette Kress, Executive Vice President and Chief Financial Officer

On capital returns, we continued to return capital to shareholders aggressively this quarter, repurchasing shares under our expanded board authorization. We remain committed to a balanced capital allocation program alongside our ongoing investments in the business.

On operating expenses, how should we think about the pace of investment in research and development going forward?

Colette Kress, Executive Vice President and Chief Financial Officer

We expect operating expenses to grow as we invest in the largest and most complex products in our history, but we will continue to manage spending with discipline relative to revenue growth.
